

# Summer of Success

We created an exercise to do with your whole family before the summer starts to set goals, choose the ones you each want to pursue, and come up with the specific activities you need to complete in order to achieve those goals for your summer of success.

Go for Goals! 

## What you'll need:

- A blank wall or white board
- A timer
- Sticky notes
- A marker or pen

## How it works:

1. Call the whole family together
2. Find a blank wall or whiteboard and divide the space among each family member.
3. Ask everyone the question: "What do you want to learn and do this summer?"
4. Set the timer for 4 minutes and everyone writes down their answer to the previous question.
  - a. The answers can't be about anything digital, like getting a certain level in a video game.
5. Once time is up, each person takes turns putting up their sticky notes and explaining what they wrote down.
  - a. We recommend a parent goes first to demonstrate.
6. Ask what the top 2 things each person feels like they can accomplish over the summer and put those at the top.
7. Now you have your goal and it's time to Plot the Path!
  - a. Use the second worksheet to write down the activities you will need to complete your 2 goals. We provided spaces for each week so you can fill in the tasks needed to complete during these weeks to meet your goals and have your summer of success!

# Plot the Path

Name: \_\_\_\_\_

Goal 1: \_\_\_\_\_

Goal 2: \_\_\_\_\_

We want you to set up your summer for success using this worksheet to Plot the Path and achieve your goals. Say goodbye to the summer of stagnation!
